

A BETTER WAY TO LEARN AND TEACH

Kick Start Language & Literacy

Created by a Speech Pathologist

Imagine professional development that doesn't take teachers off the floor — but builds their skills while they teach. That's what Kick Start Language & Literacy does.

Kick Start Language & Literacy (KSLL) is an evidence-informed professional-learning program that equips early-childhood teachers with the tools, confidence, and knowledge to embed oral-language and early-literacy teaching into everyday play and routines.

"It's like having a speech pathologist in your room but with more giggles!"

– Julie, Director

"The modelled lessons allow me to work alongside a speech pathologist and see the strategies in action."

– Mel, ECT

WHY SERVICES CHOOSE KICK START

What You Get	Why It Matters
Learning that fits your day	PD is built into your existing routines — no after-hours sessions.
Speech Pathologist expertise	Evidence-based strategies delivered by a clinician who understands early childhood settings.
See it, then try it	Teachers watch real examples of language-building, then apply them.
Perfect for regional & remote services	Everything is online and ready-to-go — no travel or relief costs.
